Changes in Junior Golf Make Coaching Important

High School golf in Wisconsin is on the rise. Although there are occasional years in which the quality seems to be down, overall the past 10 years has seen a real improvement in quality of play throughout the state. And we're bucking more difficult circumstances than our fellow coaches encountered in the 50's and 60's.

Those years produced large numbers of male players who could shoot scores in the 70's. However, costs were also much lower. How about 15 cents for 18 holes at places like Brown Deer Golf Course, home of the GMO. Today the costs at Brown Deer vary from \$16.25 for a junior 18 hole resident weekday permit to \$50 for an adult, non-county 18 hole weekend permit. While today's wages maybe 10 or 15 times larger than in 1959, the costs of playing golf has risen, in some cases, over 10,000%. As a youngster, I could play 18 holes, five days per week for a cost of \$0.75 for the week. Today, try to find a course that charges that to play one hole! How does all this affect us as high school coaches?

In the 1950's, lots of kids seemed to play golf almost every day during the summer and their games were well developed. I remember our conference tournament my senior year. Conference records confirm that our team shot a 308 and finished fourth! Of the top 4 teams in the conference, that's 20 players, only 3 failed to break 80! Of those three, one was an 80 another an 81. Why do we not see tournament scores like that today on a regular basis? Because the present cost of golf is so much higher that it reduces the number of kids that can play daily and develop their games. Today, in Southeastern Wisconsin, for example it is rare that you see junior golfers on many public courses, and extremely rare to see a girl golfer. Many of these courses have no junior rates, apparently because they don't want juniors playing their courses. Remember, not all junior golfers are members at private country clubs.

It is, therefore, very important for high school golf coaches to understand swing mechanics so they can maximize practice time for their

players. That is, it seems, exactly what has been happening. More than 115 coaches enjoyed Manuel de la Torre's swing program at our last Spring Coaches Clinic in March. As we become better coaches, our players directly benefit.

It is my hope that all of us become more knowledgeable coaches during the 1995-96 school year and our athletes directly benefit from our expertise.

Yours for a great year and lower costs for all our Junior players!

Jack Venske uses GCA Win as Springboard to Championship

Jack Venske, boys golf coach at Milwaukee Pulaski High School, has had what can only be described as a dream summer of golf.

In June, Jack won the WWSGA Championship at Lawsonia Golf Links. Spurred on by the title, Jack won the Muskego Lakes CC Club championship over some strong players.

The crowning touch came at summer's end when Jack won the WTMJ-TV "Beat the Pros" contest at Black Wolf Run. His shot on the 17th green of the River Course finished some 7 feet from the pin. His televised victory earned him a new 1995 car which he promptly gave to a family member.

What we wouldn't give for a golf summer like that!
